Information update regarding the Durham College support staff strike

The provincewide work stoppage involving Durham College and the other 23 Ontario colleges is ongoing and we do not know when it will end. We understand that you will likely be inconvenienced by it and ask that you remain respectful towards our fellow campus colleagues and friends who will return to work when it is over, as well as, the administrative staff who are working lengthy extended hours to provide back-up support for the entire campus community.

The safety of UOIT students, staff and visitors is a top priority. A [comprehensive picket line protocol](#) has been established and posted on our website to ensure everyone's safety. Please plan for delays and slow down when arriving by car at the north Oshawa location and wait patiently until it is your turn to proceed.

Note: Vehicles must be parked in their assigned parking lot. We've observed that cars that do not have a valid hang tag are being ticketed at the Campus Corners parking lot.

Change in bus stop location

This morning campus security was advised by the Durham Regional Police Service that as a safety precaution, due to increased traffic, Durham Region Transit (DRT) has moved the location of one of its bus stops. Effective immediately, the southbound Simcoe Street bus stop previously located just north of the lights at Commencement Drive has been moved to a location just south of the intersection near the Simcoe Village Residence. This change will remain in effect until the end of the Durham College strike.

GO Transit and DRT will continue to use the Campus Tennis Centre roadway for drop-off and pick-up as previously communicated.

The following list will provide UOIT students with information pertaining to student service hours of operation primarily at the north Oshawa location during the Durham College support staff work stoppage:
