- Applications must include these requested documents:
 - ☐ Letter of Introduction (not more than one page)
 - ☐ Completed application form, signed and dated
 - ☐ Academic standing (official or unofficial) of most recent academic program
 - ☐ Proof of First Nation, Inuit, or Métis status, as recognized and issued by the government of Canada
 - ☐ Resume

Selection Process and Requirements

- To receive this Award, the applicant should not be receiving more than one other award of equal or greater value for the same academic year. Students may apply for the Award more than once over the course of their academic career, but they can only win the Award once.

- Preference will be given to non-funded students
- All applications will be reviewed by Ontario Power Generation's Native Circle Selection Committee, in collaboration with People and Culture (Human Resources) and the Corporate Citizenship Program.
- Short-listed applicants should be prepared to participate in a telephone interview.
- Upon notification as an Award winner an official transcript must be provided to OPG within two weeks from your registrar's office
- Winners must be prepared to attend an award luncheon in Toronto during the month of August to receive their Award (OPG will cover travel costs associated with this event at an established amount).
- Possible opportunities for student placements or future employment will be explored in follow up discussions with Award winners.
- The viability of this program depends on effective administration and on the maintenance of an arm's length relationship between the Native Circle Selection Committee and scholarship awardees. In other words, the selection committee must ensure there is no relationship between themselves and the awardee.

All applicants are encouraged to complete a career interest profile on mypowercareer.com. To be considered for student placements applicants must be returning to school or require a final work term to graduate.
