

Application for Graduation

Are you a UOIT student expecting to graduate at the end of the 2013 winter semester?

You **must** formally apply to graduate.

The online application for winter graduates will be available from **January 24 to February 28**.

Follow these five easy steps to access your Application for Graduation:

- 1) Go to www.uoit.ca/mycampus and log into your MyCampus account.
- 2) Select **Administrative Services** (top left).
- 3) Select **Student Information – UOIT**.
- 4) Select **Registration**.
- 5) Select **Application for Graduation**.

Complete your application before February 28, 2013. Late applications will be subject to a \$40 late fee. Applying to graduate enables the Registrar's office to perform the steps required to grant your degree. If you do not apply, the degree audit process cannot occur and you will not be eligible to graduate this spring.

Please note: The 2013 convocation ceremonies will be held at the General Motors Centre in Oshawa on Thursday, June 6 and Friday, June 7. Details regarding the convocation ceremonies will be posted online at www.uoit.ca/convocation as they become available. All eligible students must apply to graduate even if they do not plan on attending convocation.
