

## Science and Management

If you are enrolled in your third or fourth year of study in the Faculty of Science you are eligible to apply for the Management program. In the Management program, you will take an additional year of business courses (30 credits) and the notation “and Management” will appear on your degree.

The combination of a science degree and business and management education will give an added advantage to graduates who are interested in pursuing managerial roles or starting their own business.

The Science and Management programs follow the same program map as the four-year degree regular program and the five-year co-operative education program with the addition of the following 10 courses in Year 5 or 6 respectively.

### Semester 1

BUSI 1101U Financial Accounting  
BUSI 2050U Managerial Economics  
BUSI 2311U Organizational Behaviour  
BUSI 2550U Introduction to Project Management  
One additional Business elective (from a selected list)

### Semester 2

BUSI 2170U Managerial Accounting  
BUSI 2410U Managerial Finance  
BUSI 2603U Introduction to Operations Management  
BUSI 2205U Principles of Marketing  
One of BUSI 3700U Strategic Management for Professionals or BUSI 3710U Small Business Management
